

Summary

Context

Last Week's Sprint

Prime Directive

"Regardless of what we discover, we understand and truly believe that everyone did the best job they could, given what they knew at the time, their skills and abilities, the resources available, and the situation at hand."

Activities

1. [Energizer: The roulette asks](#)
2. [Check-in: One Word](#)
3. [Main course: Worked well, kinda Worked, didn't Work](#)
4. [Check-out: Token of Appreciation](#)

☐ People  ☐ Process  ☐ Tools 

Energizer

The roulette asks

If you were a _____ which one would you be? Why?

Check-in

One Word 

meh 

bored 

windswept 

damp 

Minty 

soaked 

tired 

Main course

**Worked
well** 

**kinda
Worked** 

**didn't
Work** 

Starting at 10 

Comms btwn front end and
back end team 

Scrum meetings not talking
about value 

Wireframes right away 

Assigning jobs on GH -
missing ability to assign
more than 1 person 

Selecting ingredients you
want, and also ones you
didn't want 

The database 

Moscow ratings - blurred
lines between must and
should 

Explaining the value during
the meeting 

assigning 2 people to user
story allowed for quicker
progress 

Questionnaire itself 

Getting Neve to sign off on
commits 

planning poker helped
prioritise tasks 

Meeting with Gill gave us
some feedback 

Search functionality 

splitting team front / back
helped keep us on track -

clear division of labour 

Shopping list 

all being in person allowed
for better collab. 

Github - works for us, but
not for Mike 

pair programming helped
solve issues 

The app itself 

lunch time pool helped de-
stress 

Daily scrums helped keep
track of things 

Check-out

I'd like to acknowledge ... in recognition to ... 

Euan to wireframes 

Luke to database 

Nicole to HTML - Designed all the pages 

Niamh to adapt and learn new languages 

keir to database 

Adam to scrumming 

jack to shopping list
